

TESTIMONIALS AND ENDORSEMENTS

"The Copper Cricket is so **superior** to our previous solar system that there is no basis for comparison. It has to be the **best solar system available.**"

*-EDWIN W. JOHNSON
GRASS VALLEY, CA*

"On a scale of 1 to 10, I would give the Copper Cricket an eleven. **It works 101%**" *-LLOYD
GOOD MT. VERNON, WA*

"The Cricket is an **important** part of our family's overall energy reduction plan that has reduced our gas and electricity consumption . . . it feels good to take a shower heated by energy from the sun and that our family is doing what we can to live within our means." *-JOHN PITNEY CORVALIS, OR*

"This is a **quality** piece of equipment and the company is unfailingly helpful and concerned that it performs properly. It's the kind of product that will encourage people to "buy solar" if we can get the word out." *-ERNEST AND CAROLE
LEBARRON HANCOCK, MA*

"By far, the **most innovative** system on the market..." *-FINE HOMEBUILDING
MAGAZINE*

"One of the **One Hundred Best Technologies of 1989.**"

-POPULAR SCIENCE MAGAZINE

"...it may be difficult for conventional pumped solar water heaters to compete."

-ARCHITECTURE MAGAZINE

"It is the **most exciting cost-effective solar hot water system** to be developed in the last decade. It has the potential to ignite a resurgence in solar water heating throughout the world."

*-CHRISTOPHER FLAVIN WORLDWATCH
INSTITUTE*

"It's simple, rugged and effective. It's what solar always should have been...I think for most applications it ought to replace pumped and controlled active systems... Personally, I'd recommend it as the **best system on the market.**" *-AMORY LOVINS, ROCKY
MOUNTAIN INSTITUTE*
